

HOME, WARM, HOME

A house isn't a home without warmth, comfort, and peace of mind. Everwarm Hearth and Home has provided customers those for over 31 years.

Terry and Jinny McCartney, owners of Everwarm, ventured into the home comfort business in 1977. They started selling insulation packages, then branched out into wood, gas, pellet, and electric stoves and fireplaces, windows, skylights, solatubes, siding, and now barbeques. They fill your home with light and warmth.

Everwarm's experienced sales and installation team can help you create your dream home. Visit the showroom to see dozens of display models and browse through the fireplace design books. You can take full-color catalogues home to help spark creative ideas or log into the website at www.everwarmhearthandhome.com. Terry does free in-home previews to help you select the perfect type and size of stove, fireplace, or windows you need to enhance your home.

We will help as much or as little as you desire. We can do the entire job for you, including obtaining permits, arranging subcontractors, demolition, framing, plumbing, and installation, or sell you the parts to do it yourself. (We strongly recommend you have a qualified contractor install any hearth appliance!) Our factory trained and experienced installers are great at what they do and are nice guys, too. They have decades of experience and won this year's Northwest Hearth, Patio, and Barbeque Association award for Best Before and After Fireplace Installation. We not only service what we sell, but other brands too as long as we have access to parts and owner's manuals.

Everwarm is a full service hearth store. We carry two kinds of premium pellet fuel and the incredible 12 hour PREST logs, along with other hearth accessories like steamers, log racks, toolsets, hearth rugs and supplies like glass cleaner, fireplace matches, gasketing material, and many colors of high temperature stove paint.

Everwarm proudly offers Certainited high performance vinyl windows (including bay and garden windows), Crystalite Skylights, and Solatube, the miracle tubular skylight. Because we have quality installers Everwarm is on the P.U.D and city light weatherization programs. (Rebates are still available).

A locally owned company with an experienced helpful staff, wonderful products, and reasonable prices...why go anywhere else?
